Pristine with ConstantClean™. This brilliant water management system utilizes an automatic cleanup cycle after you've used the tub to help keep water perfect. You can also get an optional ozonator to eliminate contaminants, and an in-line system that utilizes sanitizer and minerals for clean, easy water care.

Extra sensations. Relax with the soothing sounds of a sparkling, backlit waterfall. Eye the bling of optional stainless-steel jets (standard on Rendezvous). Listen to your favorite tunes on the optional Motown™ audio system that's bluetooth enabled. Experience the 'wow' of a Celebrity lifestyle.
