WHAT THE CELEBRITY HOT TUBS LIMITED WARRANTY DOES NOT COVER

Other exclusions include hot tub used in any commercial application including but not limited to rental properties. Refer to instructions in the owner's manual for proper use, maintenance and installation of your spa. Salt generators and the use of chemicals containing hydrogen peroxide will void this warranty. Other items not included in this warranty are freight expenses; labor and material cost associated with removal and or replacement of the spa; damage to or fading of the spa surface and staining of the spa surface or equipment caused by impact, scratching, abrasive or corrosive cleaners; damage due to extreme water temperatures outside the range of 32°F to 120°F (0°C to 49°C) even if the damage was the result of a covered failure; or damage to the spa surface or equipment caused by acts of nature, including wind and power surges. Damage to the spa surface and fittings caused by leaving the spa uncovered and empty of water with direct exposure to sunlight, which may cause solar heat distress, also invalidates this warranty. Do not clean your spa on hot sunny days. This may cause the hot tub to crack, blister or fittings to warp which is not covered by this warranty. Additional labor and material to remove hot tubs from an enclosed room, any surround or a vaulted installation are excluded. Valves damaged by dirt or sand, discolored or faded jets, waterfalls, other plastic components are excluded. Warping, fading and staining of the hot tub cabinet due to sun exposure, cleaning or accident are not covered. Other exclusions include hot tubs used in any commercial application including but not limited to rental properties. If the hot tubs' electrical is installed by anyone other than a certified licensed electrician, if the electrical is installed incorrectly or with high or low voltage, the warranty is void. Shipping and/or delivery damage to the hot tub are specifically excluded. Fading or discoloring of any component is also excluded. The warranty is void if the hot tub has been moved from its original installation location for any reason. All warranties are void if the spa is not installed on a flat and level reinforced concrete pad or wood deck able to support 100 lbs. per square foot.

Other costs not associated with the direct repair of the spa, such as phone charges and missed work are not included in this warranty. In the event that the Celebrity Hot Tubs' serial number tag on the spa has been removed or tampered with, the warranty will be void. Customer may not dismantle spas, and any attempt to dismantle systems, other than described herein, constitutes a modification or alteration of the spa which voids the applicable warranty.
